VÅR

The dry mead made from early harvested honey has become somewhat of our signature. Here honey from linden, raspberry, apple blossom and rapeseed is combined with light, refreshing notes of elderflower, lemon balm leaves and rhubarb stalks. 12%

SOMMAR

Distinct flavors shape this dry mead. The exciting aroma of sea buckthorn and a pink hue from raspberry entice the palate with a tart crispness from the quince, combined with the smooth yet subtle honey tone in the dry mead. 12%

LIND

A semi-sweet mead with a strong presence of honey from linden blossoms. Linden honey is often described as minty, though that's not entirely accurate. To truly understand its flavor, you almost have to taste it yourself. Mead made from pure linden honey can be very bold in flavor, sometimes feeling both bitter and slightly tarry. 14,5%

SUTTUNGER BREW

Lingonberry mead is the oldest type of drink found in the Nordic region, dating back to 3000 BC. Using a powerful heather honey balanced with a more neutral honey and the residual sweetness of lingonberries, we create a mead with a rustic feel of lingonberries, forest, resin and strong honey notes. 13%

JARLS BREW

Spicy, berry-like flavor with hints of heather honey, lingonberries, pine shoots, and orangebitter. 13%

BRANDEN PÅ ORTEN

A mead made with enormous amounts of honey and some local apples. The honey from the village's bees is mixed fresh, while the rest is roasted, which gives a darker flavor while still preserving the local aroma. 13%

CURIOUS ABOUT MEAD OR HARD TO DECIDE?

Try three meads and one braggot (mölska) of your choice for a trip back to the time of the Vikings, when mead was not just a drink, but a link to the world of the gods. **295 SEK**
